

Petra Universal Synthetic CVT Conditioner

PN 5003 (12oz)

Technical Data Sheet

Product Description:

Petra Universal Synthetic CVT Conditioner is formulated to boost metal-to-metal antiwear properties and enhance friction stability to avoid transmission shudder and ensure smooth vehicle acceleration and protect clutches, belts, and gears. This includes enhancing thermal/oxidative stability of the fluid to prevent oil breakdown and deposits.

Advantages & Uses:

- Safe to use in all belt and chain type CVT
- Compatible with all CVT fluids
- Compatible with all DSG fluids
- Helps prolong the life of CVT fluids
- Helps prevent deposit formulation
- Helps prevent wear of critical transmission components and enhances frictional stability
- Promotes smooth transmission operation and acceleration

Features:

- Fully synthetic formulation
- Dyed green for easy identification vs. traditional ATF fluids and applications
- Formulated with a balanced additive package to ensure compatibility with CVT fluids while enhancing performance
