

Petra SAE 75W-90 Synthetic Gear Oil

PN 89064 (64oz) Specification Sheet

Product Description:

Petra Synthetic 75W-90 gear oil combines a premium performance additive package with a high quality synthetic base stock. It is specifically formulated for use in passenger cars, light duty trucks, heavy duty trucks, farm tractors, earthmoving construction, differentials, steering gears requiring a hypoid and other heavy duty equipment. They meet the requirements of: API GL-5, MAN 342N, SAE J306b, ZF TE-ML 05A, US Military, MIL-L-2105 C and D, 75W, TE-ML 12E, AGMA 9005 E 02, U.S. STEEL 224, DIN 51527 Part 3 and David Brown S1.53.101.

Advantages & Uses:

- Heavy duty and light duty trucks, passenger cars and heavy duty equipment
- Industrial gears sets where extreme pressure gear oils are required
- Meets requirements for API GL-5, MAN 342N, SAE J306b, ZF TE-ML 05A, US Military, MIL-L-2105 C and D, 75W, TE-ML 12E, AGMA 9005 E02, U.S. STEEL 224, DIN 51527 Part 3 and David Brown S1.53.101
- Protects gears against wear, scuffing and welding

Features:

- Multi-viscosity for year round use over wide temperature range
- Contains a sulfur/phosphorus additive system for excellent load carrying capacity
- Contains inhibitors to protect against corrosion, rust and foaming
- Contains additives to inhibit oil oxidation and keep lubricating parts clean
- Compatible with other automotive gear oils
- Superior seals compatibility
