make a decision  
to protect your  
investment for  
tomorrow.**

**PetraCeramicGlass<sup>+</sup>**

# PetraCeramicGlass+<sup>®</sup>

Protect exterior paint and wheels/rims with technology that outlasts competitive products.

- PetraCeramicGlass + lasts for over 9 years
- Others last for 4 - 5 years and recommend maintenance and touch-up every 4 to 5 months.

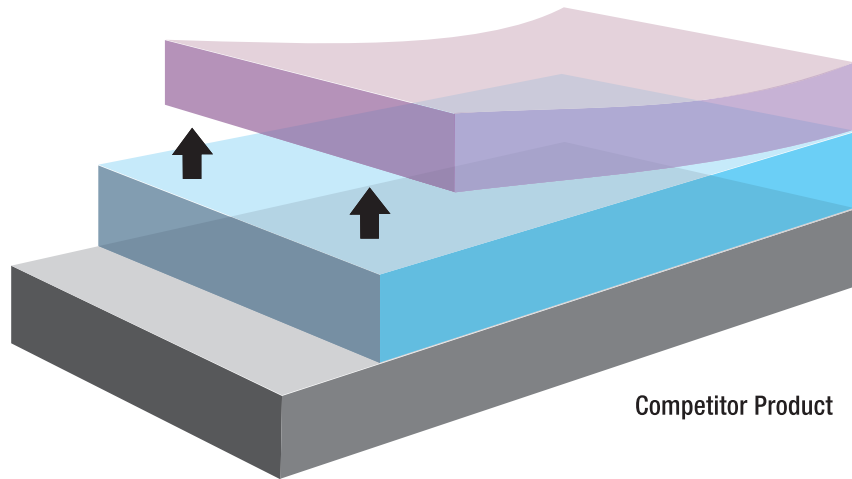

**It's technology that makes the difference.**

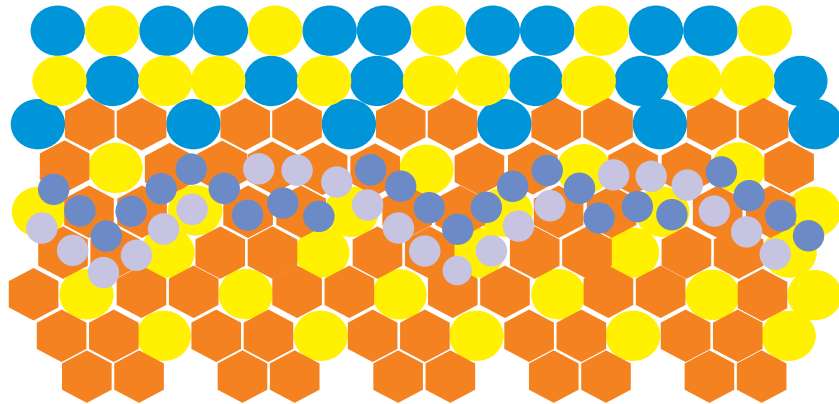

PetraCeramicGlass+ is a coating made with a proprietary blend of hybrid of ceramic and glass compounds. These compounds have a strong bonding ability to automotive surfaces, and won't peel off like competitive aftermarket treatments.

# PetraCeramicGlass+<sup>®</sup>

The unique and proprietary molecular structure of this product is the secret behind its performance. Each molecular link is “protected” unlike competitive products; and the product is properly compounded to create a single well mixed - solid coating.

Competitor Product

PetraCeramicGlass+

- **Won't Peel Off**
- **No Monthly Maintenance**
- **Available with a 7 Year Warranty**
